Dear John de Beer,

Your visit here in Zumikon was a great pleasure for me. Thanks for DVD. I have heard it now and this was really a **A NEW WORLD** for me! I never heard before a better Clarinet-Orchestra, and than with this wonderful Symphony. You arranged it so excellent. My full admiration.

Naturally before I was very sceptic to hear that as I played this Symphony so often in orchestra. But here it works very well and it was so interesting to hear it in this near sound.

What you do with this Clarinet orchestra is certainly so wonderful for all this young players, they will always love music. Once again Many Thanks. I hope that I can hear the Capriccio Orchestra once life.

Best wishes
to you and your wife
